

Team ID: PNT2022TMID21729

Project Name: IoT Based Safety Gadget for Child Safety Monitoring and notification

Create Node Red Service

Step: 1 Create Node Red And Click App Url

The screenshot shows the IBM Cloud console interface. At the top, there's a navigation bar with 'IBM Cloud', a search bar, and user information. Below the navigation bar, the breadcrumb 'Resource list / App details /' is visible. The main heading is 'Node RED JPAGT 2022-10-20' with an 'Add tags' button. To the right is an 'Actions...' dropdown. The 'Details' section on the left lists: App URL (https://node-red-jpagt-2022-10-20.eu-gb.mybluemix.net), Source (https://eu-gb.git.cloud.ibm.com/110119104031/NodeREDJPAGT20...), Resource group (Default), Deployment target (Node RED JPAGT 2022-10-20), and Created (10/19/2022). The 'Services' section shows 'Cloudant' with links for 'Open dashboard', 'Documentation', and 'API reference', and a 'Credentials' dropdown. At the bottom of the services section are buttons for 'Connect existing services' and 'Create service'. The 'Deployment Automation' section on the right shows the service name 'NodeREDJPAGT2022-10-20', location 'London', and tool integrations. Below this, 'Delivery Pipelines' are listed: 'ci-pipeline' with a 'Success' status, and 'pr-pipeline' with a 'No stages detected' status. A vertical 'ASK A QUESTION' button is on the far right.

Step: 2 Click On "Go To Node-RED Editor"

The screenshot shows the 'Node-RED on IBM Cloud' landing page. The header is 'Node-RED on IBM Cloud'. The main content area has a red background with the 'Node-RED' logo and the tagline 'Flow-based programming for the Internet of Things'. Below this, there's a light gray section with text: 'Node-RED is a programming tool for wiring together hardware devices, APIs and online services in new and interesting ways. This instance is running as an IBM Cloud application, giving it access to the wide range of services available on the platform. More information about Node-RED, including documentation, can be found at nodered.org.' To the right of this text is a button that says 'Go to your Node-RED flow editor'. Below the button is a link: '[Learn how to customise Node-RED](#)'. A vertical 'ASK A QUESTION' button is on the far right.

Step: 3 Node Red Is Ready To Use
